What is the Nanny Tax?

While the name may sound specific, nanny taxes simply describe the payroll taxes household employers are responsible for withholding and paying when they hire a household employee, such as a nanny, caretaker, or landscaper.

The nanny tax refers to Social Security and Medicare taxes that household employers are required to withhold (and pay) for each paycheck. The threshold for paying the nanny tax may change from year to year, so it's can be easier than you'd think to fall out of compliance!
